Katalyst Managed Backup Services

Secure, Reliable, and Hassle-Free Data Protection

Don't Let Downtime or Data Loss Disrupt Your Business

Data loss, corruption, and downtime can cripple a business. Whether due to cyber threats, accidental deletion, or system failures, the impact of lost data can be devastating. Businesses need a robust backup solution that ensures data integrity, quick recovery, and minimal disruption.

Katalyst's Managed Backups service provides an all-in-one, immutable backup and disaster recovery solution. Our proactive approach ensures that your critical data is always protected, allowing your business to operate with confi-

The Challenges & How Katalyst Solves Them

Data Loss & Corruption

Katalyst Solution: Katalyst provides immutable backups, ensuring that your data is protected from ransomware, accidental loss, or corruption. Our backups are encrypted in transit and at rest, guaranteeing secure storage and easy recovery.

Complex Backup Management

Katalyst Solution: Katalyst's fully managed backup service automates backup scheduling, monitoring, and testing, ensuring your data is always available when you need it. Our team handles everything, so you don't have to.

Downtime & Recovery Delays

Katalyst Solution: Our backup solution provides fast, reliable recovery options—whether on-premises or in the cloud—so your business can minimize downtime and restore operations quickly.

Compliance & Security Risks

Katalyst Solution: Katalyst ensures that your backups meet compliance requirements, offering retention options from 1 year to infinite storage. Our secure infrastructure keeps your data protected and audit-ready.

Unpredictable IT Costs

Katalyst Solution: Katalyst's operational expenses based model eliminates large upfront costs, providing a budget-friendly, fully managed solution that reduces operational overhead.

Lack of Disaster Recovery Preparedness

Katalyst Solution: Katalyst includes regular disaster recovery testing and planning, ensuring that your business is fully prepared for any data loss scenario. Our experts work with you to create a recovery strategy tailored to your business needs.

★★★★★

I'd get emails at 2 or 3 in the morning with things our [Katalyst] engineer is fixing. I'll see them the next day when I wake up, and I'm like, 'well, I'm glad somebody didn't sleep last night because I slept great'.
