

— ANTHROPIC CLAUDE AI JUMPSTART

Jumpstart your Anthropic Claude AI adoption efforts.

Leverage our experience and expertise to avoid adoption pitfalls. We turn your real workflows into reusable Claude skills your team runs, with governance, security, and training from day one.

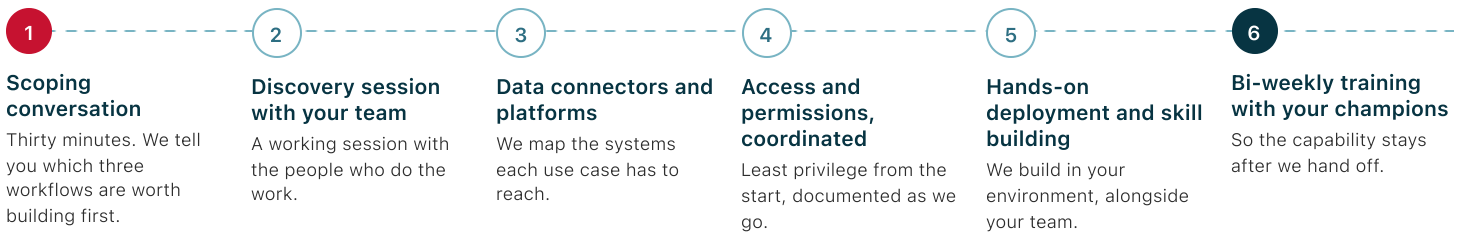

ONE FIXED FEE

TWO TO FOUR WEEKS

Most companies hand their team the latest AI tools and leave them to find ways to use them. Six months later, adoption has struggled, value is hard to prove, and there's no way to repeat any wins you did have.

— HOW IT WORKS

Your journey, start to handoff.

— WHAT'S INCLUDED

Everything in the engagement.

■ Three use cases, built into skills	■ Centralized governance and security	■ End user training
■ Up to two plugin creations	■ AI Usage Policy	■ Written quick-reference guides

— OUTCOMES

- 01 High value workflows that run faster
- 02 A governed environment
- 03 A capable, AI-enabled team

— INVESTMENT

FIXED-FEE ENGAGEMENT

One price, one scope, no hourly billing.

Delivered in two to four weeks, including the full six-step journey above and every item in scope. Contact for pricing.

ADD-ONS AVAILABLE

MCP server integrations

Connect Claude to a line-of-business system.

Up to five supported connectors

Claude wired into the tools your team already uses.

Single sign-on (SSO)

Identity-managed access tied to your directory.

Ongoing managed service

Ask about monthly Claude AI managed service.

Pricing reflects a standard single-tenant Claude environment and is valid for 30 days from issue. Anthropic license and subscription costs are billed separately by Anthropic. Additional use cases, plugins, and integrations are quoted on request.

NEXT STEP

Start with a scoping conversation.

Thirty minutes. No deck, no discovery fee. You will leave the call with our read on which three workflows to build first and what they are worth. Backed by our 30-Day Satisfaction Guarantee.
