

# Stop unauthorized access and strengthen identity security

Right people, right resources, right time

Securing identities and managing access are critical components of a strong cybersecurity strategy. Katalyst delivers comprehensive Identity & Access Management (IAM) and Identity Protection solutions that protect organizations from unauthorized access, credential theft, and compliance risk.

Our services ensure only the right individuals have access to the right resources at the right time — minimizing vulnerabilities and improving operational efficiency.

“

*Cybersecurity is a race, a marathon you have to keep running. [Working with Katalyst] is like having a team that's going to help you win this marathon. Instead of 'I'm going to do my best', we now have a plan and the right team to help us monitor it.”*

## IF ANY OF THESE SOUND FAMILIAR, IT'S TIME TO RETHINK IAM

- **Unauthorized Access & Data Breaches** — concerned about compromised credentials leading to security incidents?
- **Regulatory Compliance Pressures** — struggling to meet stringent requirements like GDPR, HIPAA, or SOC2?
- **Onboarding & Offboarding Issues** — difficulty managing access as employees join or leave?
- **Insider Threats & Credential-Based Attacks** — lacking strong measures to prevent internal risks?
- **Multi-Platform Identity Management** — using multiple systems without a centralized IAM strategy?

## HOW KATALYST SOLVES THESE CHALLENGES

### Comprehensive Identity Management

Secure and streamline identity governance with a centralized IAM strategy, ensuring efficient access control across cloud and hybrid environments.

### Enhanced Authentication & Security

Protect against unauthorized access with MFA and Single Sign-On, ensuring strong identity protection across all platforms, including legacy systems.

### Ongoing Compliance & Governance

Maintain regulatory compliance and keep identity security current with managed IAM services, reducing risk and operational complexity.

**81%** of hacking-related breaches leverage stolen or weak passwords

### The Katalyst Guarantee

If you are not 100% satisfied with our services, we will either make it right or refund you for the last 30 days of service.
