

Don't let downtime or data loss disrupt your business

Secure, Reliable, and Hassle-Free Data Protection

Data loss, corruption, and downtime can cripple a business. Whether due to cyber threats, accidental deletion, or system failures, the impact of lost data can be devastating.

Katalyst's Managed Backups service provides an all-in-one, immutable backup and disaster recovery solution, so your critical data is always protected and your business operates with confidence.

“

I'd get emails at 2 or 3 in the morning with things our [Katalyst] engineer is fixing. I'll see them the next day when I wake up, and I'm like, 'well, I'm glad somebody didn't sleep last night because I slept great'.

THE CHALLENGES & HOW KATALYST SOLVES THEM

Data Loss & Corruption

Immutable backups protect your data from ransomware, accidental loss, or corruption — encrypted in transit and at rest for secure storage and easy recovery.

Complex Backup Management

Our fully managed service automates scheduling, monitoring, and testing, so your data is always there when you need it. We handle everything.

Downtime & Recovery Delays

Fast, reliable recovery — on-premises or in the cloud — so you minimize downtime and restore operations quickly.

Compliance & Security Risks

Backups that meet compliance requirements, with retention from 1 year to infinite storage. Secure infrastructure keeps your data audit-ready.

Unpredictable IT Costs

An operational expense model eliminates large upfront costs — budget-friendly, fully managed, and lower overhead.

Lack of Disaster Recovery Preparedness

Regular disaster recovery testing and planning, with a recovery strategy our experts tailor to your business.

60%

of companies that suffer data loss shut down within six months. A reliable backup and disaster recovery solution is not just an option — it's a necessity.

The Katalyst Guarantee

If you are not 100% satisfied with our services, we will either make it right or refund you for the last 30 days of service.

Protect your data before it's too late.
